4. INTELLECTUAL PROPERTY ASSIGNMENT

- 4.1 The Employee hereby irrevocably assigns, transfers, and conveys to the Company all right, title, and interest — including all intellectual property rights — in and to any and all Work Product. This assignment applies to work created during working hours or outside working hours, whether or not using Company equipment or resources, if related to the Company's business or arising out of the Employee's role.

- They have the right and authority to enter into this Agreement;
- The Work Product will not infringe upon any third-party intellectual property rights;
- They have not and will not enter into any conflicting agreements that would restrict their ability to fulfil their obligations hereunder;
- All Work Product delivered to the Company will be original work of the Employee, except where third-party components are clearly identified and appropriately licensed.

9. REMEDIES

9.1 The Employee acknowledges that any breach of this Agreement may cause irreparable harm to the Company for which monetary damages would be inadequate. Accordingly, the Company shall be entitled to seek injunctive relief, specific performance, or any other equitable remedies available, in addition to any other remedies at law.
